

THE ADVENTURE PALACE

Do you live in an area where there is nothing to do? For instance when your kids are bored what do they do, walk across their lawn and watch the empty street! Why are they wasting there time when they could be going to the new ADVENTURE PALACE! I think that there should be a palace where kids could just you know hangout.

Where the kids could go wherever they want whenever they want! I bet everyone wishes they could have it. It needs to

be built where there are NO trees or water, so you won't ruin the animal's environment!

Oh yeah and what about those other times don't even pay any ATTENTION to their kids! Well, don't you think you should do something about that? All of the time I'm bored maybe I'll watch T.V., but I don't want to sit on my butt all day. Really I mean everybody, and I know everybody would rather want to go to the PALACE!

That's exactly why all the kids are bored all of the time because there's nothing to do

NOTHING

*there's anything new in town.
Plus, there would be a place for
the adults that bring their kids
too, relax.. if you want to make
one. It would be reallyyyyyyy,
really cool. All the adults, well,
if they take their kids can just
you know "hangout".*

*Now that's why I want the
Adventure Palace! I'm telling
you I know what it's like. It's not
just a boring 5th grade idea so
don't think that. Then I hope you
like it and take it! THE
ADVENTURE PALACE!!!*
